### **EXAMINER'S COMMENT**

#### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on October 26, 2007, has been entered. In addition, Applicant's Amendment filed December 21, 2007, has been entered.

### **REASONS FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance:

The Examiner agrees with Applicant's arguments filed December 21, 2007. In particular, the prior art does not disclose or suggest the steps of b) establishing a substantially linear distortion with two fold symmetry in the extra-axial field region of the image plane of the projection lens, c) tilting the reticle for the correction of the distortion established in step b? about a tilt axis that is disposed at least approximately perpendicular to an optical axis of the projection lens and to the scan direction, and d) tilting the wafer for the correction of the distortion established in step b? about a further tilt axis that extends parallel to the

tilt axis about which the reticle is tilted in combination with all the other steps recited in independent claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Alan A. Mathews whose telephone number is (571) 272-2123. The examiner can normally be reached on Monday through Friday from 8:00 AM to 4:30 PM.
